

TPTC004 CE (VI) (Energy Verified Rendement Énergétique Vérifié

### Features

- · Global certificates
- · Universal AC input / Full range

MSIEC60950-1 IEC62368-1 (optional)

- 2 pole EURO plug, Class II power unit
- No load power consumption< 0.075W
- · Energy efficiency Level VI
- Comply with EU ErP and CoC Version 5
- Protections: Short circuit / Overload / Over voltage
- · Fully enclosed plastic case
- Pass LPS
- -30~+70  $^\circ \rm C$  wide range working temperature
- · LED indicator for power on
- Various DC plug quick adapter accessory available (Plug kit sold sperately, please refer to : <u>https://www.meanwell.com/upload/pdf/DC\_plug.pdf</u>)
- · 3 years warranty

### Description

GST25E is a highly reliable, 25W wall-mounted style single-output green adaptor series. This product is a class II power unit (no FG), equipped with a 2-Pin standard European AC power plug, adopting the input range from 85VAC to 264VAC. The entire series supplies different models with output voltages ranging between 5VDC and 48VDC that can satisfy the demands for various types of consumer electronic devices. With the efficiency up to 89% and the extremely low no-load power consumption below 0.075W, GST25E is compliant with EU ErP, and Code of Conduct(CoC) Version 5. The supreme feature allows the adaptor to save the energy when it is either under the operating mode or the standby mode. The entire series utilizes the 94V-0 flame retardant plastic case, providing the double insulation that effectively prevents electrical shock.GST25E is certified for the international safety regulations.

### Model Encoding

- Applications
- Consumer electronic devices
- Telecommunication devices
- · Office facilities
- Industrial equipments
